HOW DOES IT WORK?

The MSL Parent Teacher Organization exists to facilitate a connection between parents, students and teachers, specifically concerning the fundraising efforts undertaken by each classroom throughout the year. These efforts help make field trips and other enrichment experiences possible. It is the PTO's goal to ensure that each classroom's fundraising is smooth and productive.

The PTO hosts family restaurant nights monthly for our families to connect. Families can either dine in or carry out. A percentage of the proceeds are given back to the school from the restaurants. This is a great way for families to connect outside of school.

When a classroom or club begins a fundraising business, the PTO helps

the class review their goals and develop a business plan. They also act as a resource for fundraising efforts.

The enrichment benefits that each classroom experiences due to successful fundraising are the direct result of parent involvement. By volunteering time or resources, parents are making it possible for their child to have a great experience and receive a financial benefit to the class.

Children get a sense of the rewards reaped by their hard work with others toward a common goal. You are truly partnering with your child, and the other parents and students of MSL, providing a great example of what it means to be a part of a community. Through your efforts, your child will learn that when we each do what we can to help, great results can be achieved.
