

From the White House...To the School House

WHO ARE SECURE EDUCATION CONSULTANTS?

At Montessori School of Louisville, we believe the same level of safety and security expertise that protects The President should be called upon to keep your child safe. That is why we partnered with SEC, a company owned and operated by former US Secret Service Agents, to help us take our safety and security to the highest level possible. SEC is a group of highly-skilled security and protection experts. The SEC team specializes in analyzing facilities, developing Emergency Preparedness Plans, and preparing faculty and staff to appropriately confront emergencies of all kinds.

The SEC Approach to Safety

- ✓ Site Assessment
- ✓ Emergency Preparedness Planning
- ✓ Critical Incident Response Training

Montessori School of Louisville strives to offer the best child care and preschool program for our families. The safety of our children is our top priority. When we first learned of Secured Education Consultants, we knew that it was an agency that we wanted to research further to learn more about the services that they offer. Our partnership with SEC helps to ensure that the children in our program are in the safest environment under the care of professionally trained early childhood educators. Our extra security measures provide comfort to our parents by knowing that their children are safe while in our care.

Jennifer Cattell
Director, Montessori School of Louisville

What SEC Means For You

- ✓ SEC has fully examined our facility and provided expertise to ensure we maintain the highest standards of safety and security.
- ✓ We have a comprehensive Emergency Plan tailored for our location and developed by experts with over 100 years of emergency planning and response experience.
- ✓ Effective training is the key to responding properly to an emergency. We have been trained by the best.
